

## VM LINUX

The screenshot displays the Microsoft Azure portal interface. At the top, the navigation bar shows 'Microsoft Azure' and a search bar. Below the navigation bar, the breadcrumb trail indicates 'Home > myResourceGroup > myVMRH'. The main content area is divided into two sections: 'Essentials' and 'Properties'. The 'Essentials' section provides a quick overview of the VM's status, including its resource group, location, subscription, and operating system. The 'Properties' section is further divided into 'Virtual machine' and 'Networking' tabs, which show detailed configuration information such as the computer name, operating system, publisher, offer, plan, VM generation, architecture, agent status, and network settings. A 'JSON View' link is available for the Essentials section. At the bottom of the screenshot, a browser window is visible, showing a 'Welcome to nginx!' message, indicating that the web server is successfully installed and running on the VM.
